

Sam,

The 'birthers' have convinced themselves Obama is not really a natural born citizen because that legitimizes their irrational hatred and unpatriotic vitriol. They are looking for an excuse to justify their prejudice and this fits the bill. This irrational belief is even more more fact challenged than the many other privilege perpetuating myths that comprise right wing ideology, but serves the same ends.

Nothing sent via this network of anonymous sources has been true so far, so I would be willing to wager big money these are lies too. If there is an ounce of truth to it we will see it in the main stream media before long. It would be too big to suppress.

For the sake of argument, lets pretend for a moment the accusations are true. That would still not make Obama illegitimate. It would maybe mean his mother didn't follow procedure and protocol registering his birth, but he had all rights to citizenship that he would have if actually born in Hawaii. His mother was a citizen at the time of birth who had lived in the country the requisite amount of time, so Barak is a U.S. citizen too, no matter where he was born. The fact that she couldn't get home in time for the birth would not strip the child of his "natural born" citizenship for presidency eligibility purposes either.

For persons born between December 24, 1952 and November 14, 1986, a person is a U.S. citizen if all of the following are true.....

For persons born out-of-wedlock (mother) if all the following apply:

1. the mother was a U.S. citizen at the time of the person's birth and
2. the mother was physically present in the United States or one of its outlying possessions for a continuous period of one year prior to the person's birth.[9]

An April 2000 CRS [report](#) by the [Congressional Research Service](#), asserts that most constitutional scholars interpret the phrase "natural born citizen" as including citizens born outside the United States to parents who are U.S. citizens under the "natural born" requirement.[21]

Presidential candidates [George W. Romney](#) (born in Mexico), [Barry Goldwater](#) and [John McCain](#) (born in [U.S. territories](#)), were never seriously challenged on the basis of their "natural born" citizenship, but no candidate falling under this classification has ever actually become President.

So the cherished illegitimacy claim rests on an untested and dubious interpretation of constitutional law that would give the haters hope for a technicality to remove the object of their racist rage from his democratically elected presidency. If you care to make a wager that this chain e-mail isn't just smelly hot air, I will cover that one for any amount you care to ante.

Subject: FW: Obama Hidden Birth Certificate - NEW

-Hidden Birth Certificate

(ANOTHER BIT OF HISTORY??)

Obama's hidden birth certificate!

Here it is, folks! The document we have been waiting for! Now what, Supreme Court? Widely circulated; challenge to Obama's birthplace and to US Citizenship. Seems this is bound to arise [again] in the "political diatribe" of the coming year! Whether we like it - believe it - or disbelieve it. " Barack Hussein Obama II General Hospital , Mombasa , Kenya where Obama was born a few hours later at 7:21 pm on August 4, 1961(what a sad day for the USA !). Four days later his mother flew to

Hawaii and registered his birth in Honolulu as a certificate of live birth which omitted the place and hospital of birth." Well, well, well . at last the 'real' thing. Now, what will happen? Whom do you believe? This man should be impeached-now! **Now if only someone in Congress or the Supreme Court will act on this!** If these documents are as authentic as they certainly seem to be, Obama is NOT qualified to be our President and he sits in the White House illegally! This is what Obama has spent almost \$2M (so far) to

hide. Here's a close-up of the top of the document where you can plainly read his name and his parents' names,

etc....

A

British history buff was asked if he could find out who the colonial registrar was for Mombasa in 1961. After only a few minutes of research, he called back and said "Sir Edward F. Lavender. Note the same name near the bottom of the photo above. Source(s): Kenya Dominion Record 4667 Australian library." Here's a close-up of the bottom of the document where you can read "Coast Province of Kenya" and the official signature of the Deputy Registrar:

Signature, Description and Residence of Informant	D.R. OUSA, Father Honiolo, Mombasa, UNITED STATES
Signature of Registrar	E.F. Lavender
Date of Registration	5th August, 1961
(For official use only)	
Registered at the District Registry Office, this 5th day of August, 1961	
G. H. Miller District Registrar	
I, Joshua Sison OUSA, Deputy Registrar of Births, Deaths, and Marriages for the Coast Province of Kenya, do hereby certify that the above is a true copy of the entry recorded in the Birth Register of this Province, Book 445, Page 2715.	
Given under my Hand and Seal of Office this 17th day of February, 1964	

The above document is a "Certified Copy of Registration of Birth," but below is a copy of the actual Certificate of Birth - the real-deal legal kind of certificate. The Mombasa Registrar of Births has testified that Obama's birth certificate from Coast Province General Hospital in Mombasa is genuine. This copy was obtained by Lucas Smith through the help of a Kenyan Colonel who recently got it directly from the Coast General Hospital in Mombasa , Kenya . Here it

is: Note the footprint! The local Muslim Imam in Mombasa named Barack with his Muslim middle name Hussein so his official name on

this certificate is Barack Hussein Obama II. The grandmother of Barack Hussein Obama, Jr. reveals the story of his birth in Mombasa , Kenya , a seaport, after his mother suffered labor pains while swimming at ocean beach in Mombasa . "On August 4, 1961 Obama's mother, father, and grandmother were attending a Muslim festival in Mombasa , Kenya . His mother had been refused entry to airplanes due to her nine-month pregnancy. It was a hot August day at the festival so the Obamas went to the beach to cool off. While swimming in the ocean his mother experienced labor pains so was rushed to the Coast Provincial General Hospital, Mombasa, Kenya where Obama was born a few hours later at 7:21 pm on August 4, 1961 (what a sad day for the USA!). Four days later his mother flew to Hawaii and registered his birth in Honolulu as a certificate of live birth which omitted the place and hospital of birth." Letter from Kitau in Mombasa , Kenya : "I happen to be Kenyan. I was born 1 month before Obama at Mombasa medical center. I am a teacher here at the MM Shaw Primary School in Kenya . I compared my birth certificate to the one that has been put out by Taitz and mine is exactly the same. I even have the same registrar and format. The type is identical. I am by nature a skeptical person. I teach science here and challenge

most things that cannot be proven. So I went to an official registrar today and pulled up the picture on the web. They magnified it and determined it to be authentic. There is even a plaque with Registrar Lavender's name on it as he was a Brit and was in charge of the Registrar office from 1959 until January of 1964. The reason the date on the certificate says republic of Kenya is that we were a republic when the "copy" of the original was ordered. I stress the word "copy." My copy also has republic of Kenya . So what you say is true about Kenya not being a republic at the time of Obama's birth, however it was a republic when the copy was ordered. The birth certificate is genuine. It will be authenticated by a forensic auditor. We are very proud Obama was born here. We have a shrine for him and there are many people who remember his birth here as he had a white mother. They are being interviewed now by one of your media outlets. Fortunately, they even have pictures of his parents with him immediately after his birth at the Mombasa hospital with the hospital in the background. It will be a proud day for us when it is proven that he was born here and a Kenyan became the most powerful man in the world. I encourage anyone to come here and visit. I will be happy to take you and show you the pictures at the hospital myself as well as my document and

...from my own as well as my document and many others that are identical to what Taitz posted. God Bless. Kitau." So, how much more proof do we need? **WELL, HERE IT IS:** Lolo Soetoro, Stanley Ann D unham Soetoro, baby Maya Soetoro, and 9-year-old Barry Soetoro.

This registration document, made available on Jan. 24, 2007, by the Fransiskus Assisi school in Jakarta, Indonesia , shows the registration of Barack Obama under the name Barry Soetoro made by his step-father, Lolo Soetoro. Name: **Barry Soetoro** Religion: **Islam** Nationality:

Indonesian

How did this little IN D ONESIAN Muslim child - Barry Soetoro, (A.K.A. Barack Obama) get around the issue of nationality to become President of the United States of America ? PART 2: In a move certain to fuel the debate over Obama's qualifications for the presidency, the group "Americans for Freedom of Information" has released copies of President Obama's college transcripts from Occidental College . The transcript indicates that Obama, under the name Barry Soetoro, received financial aid as a foreign student from Indonesia while an undergraduate at the school. The transcript was released by Occidental College in compliance with a court order in a suit brought by the group in the Superior Court of California. The transcript shows that Obama (Soetoro) applied for financial aid and was awarded a fellowship for foreign students from the Fulbright Foundation Scholarship program. To qualify for this scholarship, a student must claim foreign citizenship. This document provides

foreign citizenship. This document provides the smoking gun that many of Obama's detractors have been seeking - that he is NOT a natural-born citizen of the United States - necessary to be President of these United States . Along with the evidence that he was first born in Kenya , here we see that there is no record of him ever applying for US citizenship. Gary Kreep of the United States Justice Foundation has released the results of their investigation of Obama's campaign spending. This study estimates that Obama has spent upwards of \$950,000 in campaign funds in the past year with eleven law firms in 12 states for legal resources to block disclosure of any of his personal records. Mr. Kreep indicated that the investigation is still on-going but that the final report will be provided to the U.S. attorney general, Eric Holder. Mr. Holder has refused comment on this matter. **Let other folks know this news - the media won't!**
