

You know how they say it's funny because it's so true?

That wasn't funny, but it wasn't meant to be seen as truly representing anyone but a stereotype, either. She was acting! However, for anyone looking for reinforcement for racist beliefs and stereotypes, jackpot. This performance piece validates prejudiced attitudes. The problem with concrete thinking, is that the difference between sarcasm and earnestness are often missed, when convenient.

But thanks for letting me look at the belly of the beast.

Dale
