If this video doesn't **convince you** who this guy is, nothing will!

" I am one of them ", Obama

.
This is supposedly the video that FOX NEWS has been trying to air that is constantly blocked by the administration. Watch this QUICKLY--before it gets pulled -- if your stomach allows it.

Briefly displayed over "The Evidence:" title was this disclaimer.

'Legal Disclaimer: The writers, producers, editors, and the publishers of this video are not stating, claiming, or implying that Barack Hussein

Obama is a Muslim, or that Obama himself claimed or admitted to being a Muslim. Rather the writers, producers, editors, and publishers of this video are only examining the evidence surrounding the rumor that Barack Hussein Obama might be a secret Muslim'

Apparently, the distinction was lost on the packager of this chain e-mail and everyone else who passed it on. The video didn't examine anything. They merely repeated the lie with disingenuous video editing. This is an ugly character assassination, and reflects poorly on anyone who promotes it, but yet it gets passed all around the country.

If Fox news played this video, they would be in danger of losing their broadcasting license because that disclaimer would not protect them from the stench of this B S hate propaganda. To hate Obama because he is a secret muslim is hostile and bigoted.

A **bigot** is a person obstinately or intolerantly devoted to his or her own opinions and prejudices, especially one exhibiting intolerance, and [animosity](#) toward those of differing beliefs.

The "I am one of them", quote was materially out of context. The full quote in the video is;

Many Americans have Muslims in their families, or have lived in a Muslim majority country. I know, because I am one of them.
That is not a declaration of faith.

Just because he praises the nature of Islam to assure moderate Muslims that he recognizes they have reason to be proud of their culture, history and faith, that does not mean he is a Muslim, nor that he values one over the other. Praise of multiculturalism while waging war in two muslim countries is called diplomacy.

Logic 101 dictates one does not blame all Muslims for the 9/11 attack any more than we can blame all Christians for the crusades and the Serbian ethnic cleansing. Anders Behring Breivik soaked up this kind of American made anti Muslim propaganda with deadly results. By passing around this propaganda, you are part of the problem, not the solution.

By the way, feel the change media has no other presence on the web besides this one hit job video. In other words, it is anonymous slandering, available for anyone who wants to reinforce their beliefs. It reinforced my belief in the amorality of these conservative ideological standard bearers and their enthusiastic followers. Stupid is as stupid does, and in this case passing around hate mail is stupid, dangerous, and evil.

I found references to this video as far back as Nov 2009. Are you combing through old chain mail, or is this being recirculated.
