Subject: Makes you wonder.....

WHERE ARE THE GIRLFRIENDS of OBAMA?

I hadn't thought about this - but where are O's past girlfriends - surely he had at least one? No past girl friends popping up anywhere? Strange - strange to the point of being downright weird!

OK, this is just plain old common sense, no political agendas for either side. Just common knowledge for citizens of a country, especially American citizens, who know every little tidbit about every other president (and their wives) that even know that Andrew Jackson's wife smoked a corn cob pipe and was accused of adultery, or that Lincoln never went to school or

Kennedy wore a back brace or Truman played the piano.

We are Americans! Our Media vets these things out! We are known for our humanitarian interests and caring for our 'fellow man.' We care, but none of us know one single humanizing fact about the history of our own president.

Honestly, and this is a personal thing ... but it's bugged me for years that no one who ever dated him ever showed up. Taken his charisma, which caused the women to be drawn to him so obviously during his campaign, looks like some lady would not have missed the opportunity....

We all know about JFK's magnetism, McCain was no monk, Palin's courtship and even her athletic prowess were probed. Biden's aneurisms are no secret. Look at Cheney and Clinton-we all know about their heart problems. How could I have left out Wild Bill before or during the White House?

Nope... not one lady has stepped up and said, "He was soooo shy," or "What a great dancer!"

Now look at the rest of what we know... no classmates, not even the recorder for the Columbia class notes ever heard of him.

Who was the best man at his wedding? Start there. Check for groomsmen. Then get the footage of the graduation ceremony.

Has anyone talked to the professors? Isn't it odd that no one is bragging that they knew him or taught him or lived with him.

When did he meet Michele and how? Are there photos? Every president provides the public with all their photos, etc. for their library. What has he released? Nada - other than what was in this so-called biography! And experts who study writing styles, etc. claim it was not O's own words or typical of his speech patterns, etc.

Does this make any of you wonder?

Ever wonder why no one ever came forward from Obama's past, saying they knew him, attended school with him, was

his friend, etc. ?

Not one person has ever come forward from his past.

This should really be a cause for great concern. Did you see the movie titled, The Manchurian Candidate?

Let's face it. As insignificant as we all are... someone whom we went to school with remembers our name or face...someone remembers we were the clown or the dork or the brain or the quiet one or the bully or something about us.

George Stephanopoulos, ABC News said the same thing during the 2008 campaign. Even George questions why no one has

acknowledged that the president was in their classroom or ate in the same cafeteria or made impromptu speeches on campus. Stephanopoulos was a classmate of Obama at Columbia-class of 1984. He says he never had a single class with him.

Since he is such a great orator, why doesn't anyone in Obama's college class remember him? And, why won't he allow Columbia to release his records? Do you like millions of others, simply assume all this is explainable - even though no one can?

NOBODY REMEMBERS OBAMA AT COLUMBIA

Looking for evidence of Obama's past, Fox News contacted 400 Columbia

University students from the period when Obama claims to have been there, but **not one** remembers him. For example, Wayne Allyn Root was (like Obama) a political science major at Columbia , who graduated in 1983. In 2008, Root says of Obama, "I don't know a single person at Columbia that knew him, and they all know me. I don't have a single classmate who ever knew Barack Obama at Columbia ... EVER!

Nobody recalls him.

Root adds that he was, "Class of '83 political science, pre-law" and says, "You don't get more exact or closer than that. Never met him in my life, don't know anyone who ever met him."

At our 20th class reunion five years ago,

who was asked to be the speaker of the class? Me. No one ever heard of Barack! And five years ago, nobody even knew who he was. The guy who writes the class notes, who's kind of the, as we say in New York, 'the macha' who knows everybody, has yet to find a person, a human who ever met him."

Obama's photograph does not appear in the school's yearbook, and Obama consistently declines requests to talk about his years at Columbia , provide school records, or provide the name of any former classmates or friends while at Columbia .

How can this be?

NOTE: Wayne Allyn Root can easily be verified. He graduated valedictorian from

his high school, Thornton-Donovan School , then graduated from Columbia University in 1983 as a Political Science major in the same '83 class in which Barack Hussein Obama states he was.

Some other interesting questions.

Why was Obama's law license inactivated in 2002?

Why was Michelle's law license inactivated by court order?

According to the U.S. Census, there is only one Barack Obama - but 27 Social Security numbers and over 80 aliases.

WHAT!?

The Social Security number he uses now originated in Connecticut where he is never reported to have lived.

No wonder all his records are sealed!

Please continue sending this out to everyone. Somewhere, someone had to know him in school...before he "reorganized" Chicago and burst upon the scene at the 2004 Democratic Convention and made us swoon with his charm, poise, and speaking pizzazz.

One of the biggest CONS this country has ever seen, and they are getting away with it.

Are you a chain mail troll helper?

troll

One who purposely and deliberately (that purpose usually being self-amusement) starts an argument in a manner which attacks others on a forum without in any way listening to the arguments proposed by his or her peers. He will spark such an argument via the use of ad hominem attacks (i.e. 'you're nothing but a fanboy' is a popular phrase) with no substance or relevance to back them up as well as straw man arguments, which he uses to simply avoid addressing the essence of the issue.

The assertions are false, the speculation is malicious, and the frame is ignorant. Just because you don't know something, that doesn't mean you can just make it up. There are plenty of people who have testified knowing him there, including all his roommates, as evidenced in the above link.

Their law licenses were [voluntarily inactivated](#) because they were no longer practicing lawyers, and his [social security records are not falsified](#). Barack is an upstanding and outstanding citizen and no amount of childish denial can change the truth, but those who hate, believe what they want. How does it feel helping push those manipulative anger buttons for a political agenda.

Sincerely, Dale
